Appearance Before the Commission for Reforms in Burkina Faso

IPA Burkina Faso presented to the Commission for Reforms in Burkina Faso. The commission is in charge of proposing reforms to the government before the elections in October 2015.

Nicoló Tomaselli, IPA Burkina Faso's Country Representative, Presented proposals for the government to implement programs modeled on our successful school-based deworming and teaching at the level of the child evaluations. The commission is including both proposals in their Final Commission Report to the Burkinabe government, noting their satisfaction with IPA's focus on scientific evidence-based decision-making. The goal of the report is to prepare for the "new system" that will be undertaken by the next president-elect.
