End Date

August 28, 2015

East Africa Power Industry Convention Roundtable Discussions

Francis Meyo, Policy Coordinator for IPA Kenya, will be presenting on the Rural Electric Power Project (REPP) and how that informs the Kenyan Government's Last Mile Connectivity Project to a gathering of major East African utilities providers and the Kenyan Ministry of Energy and Petroleum. The goal of the event is to hear from industry leaders and decision-makers to source innovative solutions to energy supply problems in Eastern Africa. Attendees will include government representatives, large power users, investors, and regulators.
