Yes

## **RECOVR Sierra Leone Survey, Round 2**

#### **Abstract**

Tracking how people's lives are affected by the COVID-19 pandemic can enable policymakers to better understand the situation in their countries and make data-driven policy decisions. To respond to this need, IPA has developed the RECOVR survey—a panel survey that will facilitate comparisons, document real-time trends of policy concern, and inform decision-makers about the communities that are hardest-hit by the economic toll of the pandemic.

### **Respondent Population Characteristics**

Adults

## **Project Data Collection Mode**

• CATI (Computer-assisted telephone interviewing)

### Researchers (\*corresponding author)

Shana Warren, Doug Parkerson, Elliott Collins

### **Questionnaire File Type**

Reader-friendly survey instrument

## **Questionnaire Language(s)**

English
